

ALTERNATIVE FORMATS FOR INSTRUCTIONAL MATERIALS

Consideration in the purchase of instructional materials will be given to vendors who agree to provide materials in a usable alternative format (i.e., any medium or format, other than a traditional print textbook, for presentation of instructional materials that is needed as an accommodation for each student with a disability, including students requiring Section 504 Accommodation Plans, enrolled in the School District). Alternative formats include, but are not limited to, Braille, large print, open and closed captioned, audio, or an electronic file in an approved format as defined in Commissioner's Regulations.

The District subscribes to the National Instructional Materials Accessibility Standard (NIMAS) to ensure that curriculum materials are available in a usable alternative format for students with disabilities. The District will be responsible to ensure that each student who requires instructional materials in an alternate format will receive it in a timely manner and in a format that meets NIMAS standards.

The District has established a process to ensure that instructional materials in a usable alternative format for each student with a disability (including students requiring Section 504 Accommodation Plans) are based upon the student's educational needs and course selections, and will be available at the same time as such instructional materials are available to non-disabled students.
