QUESTIONS AND ANSWERS

Q1. In reference to the Request for Proposal #NCSD-25-002, we have a question regarding Section III, paragraph #5, #6 & #7 concerning the Prevailing Wage Rate. After reviewing the referenced Article and sections of the New York State Labor Law in the proposal, we would like to confirm that seeing as the requested labor would not be related to real estate or buildings nor any of the repairs to the School Buses done on the Niskayuna School Property, we do not believe that we would be required to pay any prevailing wages.

A1. The district confirms that repairs that take place under this bid award, which is not related to construction and will take place off of school grounds, **will not** be subject to prevailing wages.
